

MEDIUM- TO HEAVY-GUAGE METAL FABRICATION

Uniquely positioned as a niche player in the medium- to heavy-gauge capabilities, OEM Fabricators offers fabrication, welding, machining, shot blast, painting and assembly.

Using a comprehensive and diversified approach to solving material requirements, OEM Fabricators has earned a solid reputation with a wide range of customers in 20+ years of service. OEM delivers a quality product on time to over 80 customers, involved in a dozen different industries.

All of this boils down to our foundation: OEM Fabricators is better prepared to weather the economic storms from year to year – something that's important when you are planning your own company's long-term future based on supplier alliances today.

OEM FABRICATORS MARKETS SERVED

- Aircraft Ground Support Equipment
- Soil Stabilization Equipment
- Oil Extractors and Distillers
- Military Shooting Ranges
- Fertilizer Spreaders
- Rail Maintenance Equipment
- Air Filtration Systems
- Overhead Cranes
- Highway Construction Equipment
- Conveying Systems
- Front End Loaders
- Ag Equipment
- Enclosures
- Crane Booms
- Catwalks and Guarding
- Winch and Hoist Systems
- Personnel Lifts
- Rock Crushers
- Construction Machinery
- Mining Equipment
- Power Generation Equipment
- Custom Process Equipment

VOISARD MANUFACTURING

Voisard has manufactured quality metal fabrications and assemblies for over 30 years for the following industries:

- Environmental
- Construction
- Material Handling
- Chemical Processing
- Telecommunication
- Specialty Equipment
- Medium & Heavy truck
- Chassis
- Specialty Vehicles
- Agriculture

EQUIPMENT

State-of-the-art equipment allows Voisard to manufacture your equipment efficiently and effectively. Compare our partial equipment list:

CNC EQUIPMENT

- WA Whitney Punch Plasma Center
- Cincinnati Laser Cutters
- Mazak Super Turbo Laser Cutting System
- Wiedemann CNC Turret Punch Press

PRESS BRAKES

- Cincinnati Autoform 16" CNC 6 Axis Press Brake
- Wysong 250 Ton 15'2 Axis Press Brake

POWDER COAT

- Automatic Line With Conveyor
- Batch System 4x4x10 ft.

BENDING/FORMING ROLLS

- 2 Metal Forming Rolls
- Metal Stitcher

PUNCH PRESSES

- 12 Ton Stenciling Press
- Mubea Iron Worker - 72 ton
