Notes: This company manufactures car wash equipment and are currently using 22,800 pressure switches a year. They are not happy with the current supplier because they feel they are paying too much and deliveries are often late.

Bob Jones is sending over drawings of the pressure switch they are currently buying. He would like us to quote our equivalent. He would also like for a rep to stop in. I advised Tim Young to give him a call to make an appointment to stop in.

Please let me know if you have any questions.

Sincerely,  
Pam McMillan  
Director of Marketing
